

Here are the dox of Talisman Metaphor. I am his ex-girlfriend. Call me "Blair". He cheated on me with another gal after I suspected the reason why he wasn't returning my calls and voicemails to him. I caught him in the act of it at the Cascade Village Shopping Center and ripped him a new asshole in front of a bunch of people. We dated from February 2017 to July of 2017. He has a heart on for white blonde females and gave me all his contact information minus his social security number because he thought he was going to get married to me after 3 days of email conversations we had. He even sent me a nude picture of himself which is included in this dox here. Here are his contact details plus the operating system plus the school he goes to plus his apartment complex address so you can pay him/her a visit if you have a score to settle with this fucker. This fucking retard messed with the wrong people and now your enemies will now have full access to his information. Motherfucker better watch his back. Say your prayers, Tali.
